MEMORANDUM FOR: Director of Personnel  
FROM: Director of Central Intelligence  
SUBJECT: Personnel Planning Documents for  
New Fiscal Year

We are now starting a new Fiscal Year. I would like to see the personnel planning documents for this Fiscal Year. I'm particularly interested for each career service and the number of promotions and attritions that we are going to have, and whether the promotions are more or less than those in the past three years.

Attached is a proposed draft response to the DCI's request for the Agency's fiscal year personnel planning documents. You may wish to discuss the draft with ADDCI inasmuch as the impact of getting the information is on the Heads of the Career Services (EAG membership) and they do lag.

I have included the PDP in view of the overall statement in the ~~first~~ <sup>second</sup> sentence. PDP is a personnel planning exercise and provides input to the APP. I would think the Director is interested in both reports . . . although we had only briefed him personally on the APP. I recall we have mentioned PDP, however, in various papers describing the Agency personnel management system.

Re the two lagging PDPs . . . NFAC   told us for several weeks we are about to get it . . . the usual stall. DDS&T PDP report are being done by Knoche's former secretary and we have no idea what state it is in. The APP in S&T has normally been done by the Personnel people, but the PDP is done by the Career Management Officer, formerly   but now Rosemarie . . .
